Our institution is no more exception to, therefore in our institution largely ICT or MIS has been applied in terms of the institutional transactions. While making communication with or receiving communication with the internal and external agencies ICT enabled aids being used vividly. Our institution has been using CMS of which an advanced versions CCMS stands for Centralised College Management System 25.03.2019 onwards. The said system has been used during the course of administration and management, but now recently cloud based CCMS has been into being with which any institutional transaction easily carried out. In order to convenient or facilitate all the institutional stake holders in case of its administration and management CCMS is a quite effective or user friendly. CCMS can be applied in terms of online registrations, students admissions and fees receipts, students admission profile maintenance, financial accounting maintenance, check printing, SMS, email integral with all software, dashboard, alumni engagement, parents teacher engagement, students attendance reports, internal examination reports, feedback maintenance report, leave management report, payroll, account etc. Minding the ICT enabled NAAC or its procedures Management Information System is very essential in keeping all kinds of records and data transparently and securely. As a result of the management information system does the institution to cope with the world</p>

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Our Institution has the mechanism for well planned curriculum delivery and documentation. In each academic year, in the beginning, the head of the institution in consultation with the faculty prepares the academic calendar in which he indirectly plans in order to implement the curriculum & co-curriculum delivery and documentation. Well planning is half accomplishment. At the beginning of the each academic year head of the institutions in consultation with the staff designs various committees covering curricular, co-curricular and extracurricular activities to implement the academic calendar as preparing the faculty-wise time table, seeking faculty-wise, department-wise in cooperating departmental and individual. As a result of curriculum and extra curriculum delivery and documentation become easy. Now a days in our institution, Internal Quality Assurance Cell (IQAC) has been playing a vital role in terms of curriculum delivery and documentation. During the course of teaching learning and evaluation, plan of action of Internal Quality Assurance Cell (IQAC) monitoring well through the students attendance register, daily teaching report, feedbacks from different stakeholders, class-wise or paperwise result preparation just after the declaration of semester-wise results. At the end of academic year, Internal Quality Assurance Cell (IQAC) seeks the academic calendar's audit which would help the head of the institution suggestion cum. With which the head of the institution or the management would analyse the institutional strength, weakness, opportunity & threats. Under the chair of the institution all committees prepared the action taken reports to submit the College Internal Quality Assurance Cell (IQAC). After taking an account of the academic calendar's audit & action reports of the respected committees, IQAC would prepare the institutional Annual Quality Assurance Report (AQAR) to submit on & offline to NAAC.

Students	Yes
Teachers	Yes
Employers	Nil
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained

Feedbacks had been sought randomly before the NAAC accreditation. But when the NAAC peer team members recommended the structured feedback mechanism should be commissioned. In response to the overall analysis of the institution, our institution has composed the structured feedback mechanism in consultation with the Internal Quality Assurance Cell (IQAC). Since Feedbacks from the different stakeholders have been obtained manually. Feedback mechanism system has been maintained for the sake of overall development of the institution in case of the students, Teachers, Employers, Alumni Parents. No stakeholder directly criticizes any institution. But recently NAAC has given an opportunity of criticising or suggesting through the Feedback mechanism. It is a system with which institution or employer would mind the responses from the different stakeholders in order to improve or update the academic, administrative stance. At the end of the semester or year the system obtains Feedbacks from the different stakeholders. After obtaining the Feedbacks would be analysed in consultation with under the chair of the institution. After analysing the Feedbacks would be brought into the notice of the concerned sections of the institution as well as analyzed feedbacks regarding the institutional infrastructure be brought before the management or equivalent body of the institution to take action. During the last academic year feedbacks from the different stakeholders obtained, analyzed and due course of time be brought into the notice of the management council. Obtaining feedbacks is an opportunity of working with the society does have. With the help of the feedbacks institution would realise its academic, administrative managerial

strengths, weakness, opportunity challenges. Obtaining analysing feedbacks from the different stakeholders is intellectual emotional property. Therefore, our institution would welcome feedback from the different stakeholders freely

Today, we have been living in the world of information and technology or in the world of commerce where each and every person of the family irrespective of its nature seems busy or engaged. As a result such person doesn’t have enough time to take notice of ward. Therefore it is becoming the topic of hot discussion for instance having material stability while mental instability causing social chaos. Student mentorship is nothing but a professional motherly touch which may enable mentor to think and feel him and her in all respects. Due to the commercialization mostly wards alluding the emotional touch. Students mentoring system is a professional move to think over the accomplishment of the newly enrolled students. It is a system in which a mentor has to maintain the academic profile of the mentee. Academic profile of the mentee covers its personal details causing the mentor to take an account of its biological, professional, residential financial information. The problem that we have been

witnessing in terms of the students is a communication gap. As a result of, the students do not consult or share their problems. But it is a system which compels the mentee or mentor to interact with each other. During the last year 196 students had been on the roll as been allotted among the permanent and full time teaches 18

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Day by day a new wave of reformation comes into being. Our Indian society is basically conservative or right winged as well as adverse or ideal principles centred. As a result no universal or unique system of continuous internal evaluation has been settled as valid as. University Grants Commission as an autonomous body of the Human Resource Development Ministry in our country. Naturally policies regarding higher education and its evaluation have been attributed to the UGC. At the same time it monitors its sustain through various types of the exam. evaluation systems. Traditionally our evaluation system had been biased where overall development of the students was implausible. Therefore scores of reformations took place during the curse of higher education. Learned or studious groups pondered over the Continuous Internal Evaluation(CIE) system As a result such groups recommended the Choice Based Credit System (CBCS) in order to evaluate the academic and creative performance of the pupils. In response to the learned or studious groups' recommendations UGC has introduced the Choice Based Credit System (CBCS) at the UG PG levels as well as Continuous Internal Evaluation (CIE) system as the assured yardstick of quality among the students. With the introduction of Continuous Internal Evaluation (CIE) system higher education institutions are expected to take an account of the enrolled students continuously. Continuous Internal Evaluation

(CIE) system recommends the semesterwise summative and formative examinations. As a result indirectly the process of teaching, learning evaluation have been entwined. Since academic year, 201718 our affiliating university, SRTMU, Nanded (MS) has been conducting the Choice Based Credit System (CBCS) at the UG PG levels as well as Continuous Internal Evaluation (CIE) system. Class Tests are taken in Classroom • Strict discipline and timeliness to be observed by everybody. • Classrooms are covered under CCTV. • Physical Supervision by authority. Day by day a new wave of reformation comes into being. Our Indian society is basically conservative or right winged as well as adverse or ideal principles centred. As a result no universal or unique system of continuous internal evaluation has been settled as valid as. University Grants Commission as an autonomous body of the Human Resource Development Ministry in our country. 2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

T• The Academic calendar is displayed on notice board for students and faculty.

- Academic calendar is also uploaded on college website for students and stakeholders.
- Evaluation blueprint consists of plan of college internal examinations. 'Examination Committee' looks after the schedule of examination. In each academic year our institution has to mind the affiliating university academic calendar before the design of the institutional academic calendar. In response to the affiliating university academic calendar our institution has to prepare as well as adhere throughout the academic year. After the publication of the university academic calendar our institution publishes in its prospects at the beginning of year. 201819 our institution had prepared its academic calendar bifurcating the institutional academic extra academic and administrative activities. Through the college internal quality assurance cell its schedules and procedures have been maintained or monitored as well as suggested to accelerate in order to meet cent percent. Academic calendar means institutional planning of imparting the curricular, co curricular and evolution activities within the stipulated span. It is a kind of administration and management to improve and update the intellectual and infrastructural resources. At the end of the academic year, as per the NAAC prescriptions, it is mandatory on the part of institution to audit it. As in our institution last academic year, 201819 academic calendar audit has been done duly and it has been found as an adherence for the conduct of the affiliating university and the institutional activities neatly. During the course of the academic audit our institution has realized its academic and extra academic achievements

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The institution believes in the decentralization of power. So the following measures are taken at college level: The Local Management committee of the College has representation of faculty and non-teaching staff of the college. The various committees are formed at the beginning of every academic year for the distribution work and to delegate power. The Principal conducts regular

meetings with teaching and nonteaching staff for the effective implementation of plans. The major academic and administrative decisions are taken by the LMC, IQAC, the faculty members or the Chairman of the concerned committees. The Principal delegates the financial authority to the Heads of NSS, Sports, Cultural and other committees as per the rules and regulations. Office Superintendent monitors the office administration with help of different sections. The decentralized administration, prevailing in the college enhances the quality of education.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	<p>Institution is affiliated to S.R.T.M.University, Nanded so that after the admission notification of the University our institution runs the admission process abiding the social diversity at the UG PG level Programmes. In the institution there is an admission committee comprising the senior faculty members to convenient the college stakeholders. Our admission process is a quite transparent as mentioned in the college prospectus complying with the affiliating University, State Govt. the Govt. of India. The college prospectus in the institutional handbook regarding the institutional features, academic and extra academic strength, fees structure Government recommended Quota system as well as the institutional academic and administrative calender. The process of admission runs smoothly where no registration system had been applied except B.Com programme. In this way our institution admission process becomes students and parents friendly.</p>
Curriculum Development	<p>Since our institution has been affiliated to the Swami Ramanand Teerth Marathwada University Nanded. Accordingly curriculum designing and developing rights are reserved by the University. It does not mean that University does not consult with the affiliated colleges. University while designing and developing the syllabus interacts with the expert faculties through BOS. Only autonomous colleges would design and develop their U.G P.G level programmes syllabi. After formation our affiliating University would conduct the work shops in order</p>

to train the colleges regarding the effective delivery of the syllabi. In order to meet the course objectives institution has prepared its own strategy development programme as the semester wise or term wise departmental and personal planning. Recently our University has introduced the CBCS through which SEC has been made mandatory for the 2nd 3rd year UG level programme, In this way accordingly our institution maintains the quality improvement

Teaching and Learning

Teaching learning process remains passive up to the introduction of the semester wise academic year as well as choice based credit system. Teaching Learning activity is the key aspect of the institution. Accordingly the process should be participative and interactive one but unfortunately teacher centric and adverse one where students would fanatically run after the teachers and the examinations. So that there is a gap between the teaching and learning elements. Recently the New Education Policy comes into being where interdisciplinary and multidisciplinary approaches have been embolden. In spite of our institution did the best to bring the programme based outcomes successfully.

Examination and Evaluation

Examination is the test of the institutional strategy for the quality improvement. Examination is considered as the final outcome of the institutional academic and administrative managerial process. Therefore the University and college level decency should be maintained. According due to CBCS learner's performance should not be assessed and counted homogeneously but heterogeneously means the learners should go through the different segments of the programmes. Such as students should be judged verbally and non verbally. So that CBCS has introduced at the undergraduate level skill enhancement course as well as two written test and other performance assessment metrics as group discussion, seminars, tutorials or discipline based curriculum richness activities in each session. So that at the institutional level there is a Examination section covering the CBCS recommended

performance assessment metrics as well as conducts the University level Examinations and its assessment in each semester punctually. Along with the practicum also conducted by in collaboration with the external examiners decently.

Research and Development

Research is the need of the time so that our institution had promoted the research culture among the faculty and the students. So that the institutional faculty members underwent the research work as well as promoted the students to undergo. The institutional significance of the research is there is a special research committee to coordinate the institution regarding the internal and external research initiatives such as attending workshops, conferences, seminars, paper publications as well as undergoing

Library, ICT and Physical Infrastructure / Instrumentation

Since Library is considered as the main source of knowledge. In response to the qualitative and quantitative metrics. Our institution has been trying to upgrade and update the college central and departmental library. It is fully facilitated with the advanced amenities. Our library has stuffed with the SOUL with advanced version 2.0. Our institutional library has been attached with the well furnished reading room along with the telly (Airtel Dish). As already mentioned that our institutional campus is fully enabled with wi-fi where one sim can avail 100 kbps data as well as library is partly computerized where BSNL leased lime connectivity made available to carry out the library services such as Bar code reading and OPAC system. Separate library accession and transaction registrar had been maintained during the academic year.

Human Resource Management

Human resource management is the institutional strategy for quality development being observed during the course of the administration. It is a strategy with which the head of the institution minds the SWOC/T where principal realizes the strength, weakness, opportunity challenges or threats. In the beginning of the academic year, head of the institution assigned the curricular and extracurricular activities through different committees led by the faculty

members in consultation with the college stakeholders is the best example of the human resource management. Head of the institution at the best tried to convenient the teaching and non-teaching community members with the amenities timely. Head of the institution used to manage the HRM by promoting and encouraging the students and the faculty members to attend the seminars, workshops, literary meets, short term courses, orientation refresher courses Faculty development programmes as well as to conduct the extension activities in collaboration with the others. As a result quality and research culture maintained on the campus.

Industry Interaction / Collaboration

Now a days institutions focus on the industry interaction. The object of it is to generate employability among the students. Our institution is no more exception in the case. Our institution used to interact with the industries through the industry tours, project works, NSS residential camp, alumni association, parents-teachers associations, college development committee and the management council. Along with institution used to interact with the industries through the AMCs or management information system. By enlarge our institution always in contact with the industries through the academic and administrative transactions such as the skill enhancement courses and the project works assigned by the respective departments.

6.2.2 – Implementation of e-governance in areas of operations:

E-governance area	Details
<p>Planning and Development</p>	<p>According to Alvin Tofler unless you plan, you are going to become a part of others planning. Accordingly our institution used to plan and develop it. At the institutional level there is an academic and administrative planning which would have been uploaded at the institutional website. In the institution there is a CCMS or MIS which would help us to plan and fructify it successfully.</p>
<p>Administration</p>	<p>Our institution has procured CCMS or management information system on the basis of the annual maintenance charges. With the help our institution</p>

	<p>administer the academic and extra academic transactions. Since our institution has been making communication with the affiliating University, the State agencies and the central agencies through their respective means and portals for example emailing etc.</p>
Finance and Accounts	<p>It is the prime part of the institutional administration and management to keep and maintain the finance and accounts transparently. It is possible for our institution due to the installment of cloud based centralized management system. Now a days Govt. has been insisting upon the DBT in case of admission, Scholarship and other funding received from various agencies. Even at the institutional levels financial records should be bifurcated into receipts and payments. So that CCMS is quite useful in the said case.</p>
Student Admission and Support	<p>Management information system is considered as the multi facilitators in the institution because it helps during the admission process which covers the students profile in all respects which would help the institution and the college stakeholders in terms of academic and administrative economy</p>
Examination	<p>Our institution carries the process of e-governance successfully due to the affiliating University mandatory communication regarding the Examination process right from beginning of the academic year our affiliating University uploads its academic calendar which directs the institution regarding the Examinations- right from the Examination notification as to fill up the forms, preparing the LACs, uploading downloading the Hall tickets as well as uploading and downloading the papers, assessing the answer books on the University Examination portals up to the declaration of the results our institution twined with the process minutely.</p>

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice -I 1. Adoption of Crematorium: Goals: • To maintain cleanliness drive of the Crematorium • To eradicate blind faith • To bring environmental awareness among students and villagers • To generate scientific temper among the masses • To create social attachment • To bring out socialization The Context: We observe, today, in every village that there are quarrels and controversy over the crematorium among the castes. We adopted this Khadgaon crematorium which is near to the college to establish healthy relations and bring social awareness among the future generation. It is said to be abode of ghosts, evil spirits and fierce deities. Therefore, people in general prefer to avoid going near crematorium at night. To achieve above goals, our college has undertaken one untouched and novel programme. The NSS unit of our college is very active and we have organized various programmes through it. We have a strong desire to do something innovative and creative for the society in which we like. During the discussion, our office colleague Mr. Satyanarayan Bhutada suggested to adopt Crematorium the neglected thing by the society. His innovative idea is liked by all. So, to do something for the society we adopted this crematorium to remove and eradicate their feelings of fear, blind faith and generate scientific temper. Our college has adopted the nearest Crematorium of Khadgaon road, Khadgaon. With due permission and insight of our principal, the NSS unit of the college has contributed well by implementing this scheme.

The principal, the teaching, non-teaching staff and students actively participated in making this Crematorium clean and green by planting different types of plants under this scheme. The Practice: The college has maintained cleanliness and planted trees with the help of NSS students and all the staff members in Khadgaon Crematorium. Our aim was not limited only to maintain cleanliness and plant trees but also, we tried our level best to create humanity, scientific temper, environmental awareness and national integrity among the minds of each and every person who enters this crematorium. We feel proud to mention here that we painted some selected slogans on the walls to make everyone conscious about the purpose of their birth, life and death i.e. the human cycle of life. We also feel glad to cite here that we are practicing it as our best practice successfully for the last three years. We feel proud to mention that these activities of keeping the Crematorium clean and maintaining it from time to time is a special activity of our NSS department. The college has taken this mission with prior permission through proper channel of the Grampanchayat. Tree plantation and cleanliness of Crematorium is done on the occasion of 15th of August, 2nd October, 12th December, and 26th January. Around 60 trees and 52 tree guards are planted and maintained. Specially, all these tree guards are donated by all our staff members. We take care of these trees by watering them every week. All the college students actively participate in this mission. Evidence of success: This helped us in keeping the Crematorium clean. By planting different plants, it proved fruitful in maintaining the environmental balance, to remove and eradicate their feelings of fear and generate scientific temper. It became useful in eradicating the traditional blind faith, and misunderstanding prevailing among the students as well as the villagers. It proved useful in changing the mentality. So, we are

happy to mention it that this is as an impressive accomplishment of our college. We all are aware that every one enters the crematorium for performing the last right of a person after death. The body is seen as an instrument to carry the soul. Bhagwat Gita quotes, "Just as old clothes are cast off and new ones taken, the soul leaves the body after the death to take a new one."

Cremation is referred to as "antimsansakara", literally meaning 'the last rites'. Problems Encountered and Resources Required: When we planted trees for the first time in Crematorium, we didn't find those trees at that place. Next year, we planted the trees once again on the same place for the second time. Keeping this problem in mind, we decided to donate tree guards by each member of our staff. We find the difficulty of negative mentality of our students. The

question of religious equality is raised among the students. It is very difficult to get the co-operation of the employee of crematorium. We found even the non-cooperation of the villagers. We also faced the difficulty in keeping the trees safe and water the roots. We also faced the scarcity of water. To overcome this scarcity of water, we tried to keep these trees alive by watering them sometimes by private tankers and mostly by recycling the waste water near the crematorium. Though the college has faced such various difficulties, we adopted this Crematorium as our special drive. The college has made efforts to protect these trees and keep it clean. Best Practice II Title of the Practice: Sant Gadgebaba Swachhata (Sanitation) Utsav Goals: the vision of the great man,

Sant Gadgebaba, is to express one's gratitude and feel grateful by serving human beings as part of humanity • To encourage the college stakeholders towards the sanitation. • To promote them to commit sanitation-based initiatives. • To imbibe the universal values and ethics. • To overcome the community bias by committing the mission of sanitation. • To interact with the external agency. • To engage with the sense of extension activities. • To build

the overall development of the institution The Context: The vision of the great man Sant Gadgebaba, is to express one's gratitude and feel grateful by serving human beings as part of humanity. India is a secular state where is the practice of tolerance is imbibed by the constitution and observing the Sant Gadgebaba swachhata Usttav is one of the significant and best practices of our institution . To mahatma Gandhi, cleanliness is next to godliness is observed at the national level But in Maharashtra there is a legacy of great reformers ,

our state has maintained the great legacy by introducing the Sant Gadgebaba swachhatta Mission . The prime object of the campaign is to cleanse individual and social vices regarding the sanitation especially the Rural Sanitation means to make the villages facete or squat free .But the Sant Gadgebaba Sanitation Campaign has been taken into broad spectrum in our institution through various activities . During the Observation of the week such as Cleaning , organizing the extension lectures, conducting the extracurricular and co-curricular activities such as essay competition , Elocution, Road shows etc., In the 21st century it is the need of the time to show our integrity and affinity by maintaining the social health means to accomplish the health of the heart, head, and hands that is education . The Practice: During the last academic year

2019-20 our institution had observed the Sant Gadge Baba Swachhata Utsav(festive) during the period from the 02/9/2019 to 09/09/2019 to mark it as Swachhata Utsav(festive) by conducting the cocurricular, extra curricular and extension activities. The nature of the practice is inclusive one but exclusively observed by institution in collaboration with different agencies and communities. On 2/9/2019 the inauguration of the Sant Gadge Baba Swachhata Utsav(festive)takes place. On the eve Hon. Shahaji Pawar, Editor ,Daily Pudhari and Prof. Shyam Waghmare, Sharda college, Parbhani who during the course of inauguration guiding regarding the contribution of Sant Gadge Baba in case of the sanitation covering physical and mental. On 03/09/2019 under institutional umbrella the campus has been cleansed by the students. 04/09/2019 Hon. Madhav Bavage, Vice President of Anti superstition Committee, Maharashtra State who guided and demonstrated the fake practices of hypocrites or self-declared

saints who cheated and looted the common masses on the name of religion. How they used to exploit them on the name of religious rituals. It is the moderate attempt of the institution to imbibe the scientific temper among the college stakeholders as the part of the universal values and professional ethics promotion. 05/09/2019 Dr. P.S.Patil, Principal, MIT Dental college, Latur guided us incase of maintaining the health of the teeth. 06/09/2019 Our institution has conducted the essay writing competition where score of the college students participated actively those who performed outstandingly were appreciated by giving away the certificates. On 09/09/2019 It has been marked as the valedictory by interacting with the institutional sections and giving away the certificates to those who excelled in the proposed activities such as Cleaning , organizing the extension lectures, conducting the extracurricular and co-curricular activities such as essay competition , Elocution, Road shows etc. Problems encountered while practicing: While practicing our institution hardly encountered the problems due to our society's goodwill in specific locality. In tune with our institution under the headship of the college principal tries to maintain during the extension activities. Maintenance of and beautification of crematorium, our institution has carried out the best practice under the banner of the institutional social responsibility where
